## Summer Harbor Discovery Program (ages 6-12)

The Summer Harbor Discovery program provides three fun-filled hours of educational based activities which include: marine scavenger hunt, butterfly hatching, life cycle of butterfly, flower & plant collecting scavenger hunt, rock & shells, fishing off the pier, soccer, kickball, tennis, Golf and cooperative games, Zing wing gliders, high flying kite kit. Every Friday children will take an educational field trip on Long Island. Each week different topics will be covered, giving children a wide variety of innovative experiences. Certified teachers and the Long Island Foundation for Education & Sports Program Leaders are among the staff teaching in our beautiful Port Jefferson Harbor. The natural surroundings of the Port Jefferson Village Center are the perfect background for your child to relax, learn, make friends and *have fun!*

## Staff Backgrounds

**Director**-Paul Montgomery will be serving as the Director for the 2009 summer season. Paul holds a Bachelor of Science degree in Biology from Marist College and a Master's Degree in Earth Science from SUNY Stony Brook. Paul brings an array of experience to this program and is currently teaching science in the Hauppauge School District for over 12 years. He has instructed such courses as Biology, Earth Science and Astronomy. In addition, Paul played college soccer and has been coaching and training children for many years. Paul with his wife and two small children are residents of Port Jefferson.

## Program Leader

Each Program Leader will be under the direction of our Dir. Paul Montgomery.

**Every Friday children will enjoy a FIELD TRIP to local educational museums and preserves. For example Boces Outdoor Educational Laboratory & Vanderbilt Butterfly Museum) Locations subject to change. Call for session Field Trip schedule.**
